1. General Rules.

1.1 Applicability.

All rules will apply to all competitions unless it is stated otherwise in the rules for a particular competition.

1.2 Eligibility.

Club Competitions other than those designated as open to visitors are restricted to members but, subject to further restrictions as agreed from time to time by Committee and reflected in the Competition Rules. Junior members are not eligible to compete in ordinary Members' Competitions unless they hold an official playing handicap index of 28 or less and have the recommendation of the Junior Convener and approval of the Committee.

1.3 Handicap.

Only players with a current WHS Handicap Index handicap will be allowed to enter any Qualifying competition (unless playing for handicap). Maximum Handicap for Saturday competitions will be 28 and for Thursday competitions 40.

Only players with a Handicap Index will be allowed to win a competition (if playing in a pair's competition both players must have a WHS Handicap Index).

1.4 Transportation.

The use of golf buggies (i.e., ride-on motorised vehicles) during a competition is permitted unless their use is specifically prohibited in the conditions of the competition.

Pitlochry Golf Club supports the policy of The R&A to encourage golfers with physical difficulties to play the game if possible and recognise that the use of a Buggy can greatly assist many in doing so.

1.5 Starting Times.

Play must not start before the first listed time or while any notice prohibiting play is displayed, this is to safeguard Greens Staff preparing the course.

Under Rule 5.3a of the Rules of Golf, it is the responsibility of the Committee to establish starting times and so the time allocated by the Committee is deemed to be the player's specified starting time.

If the start of play is delayed for any reason, then the players must be ready to play at the new (later) time which becomes the specified starting time.

1.6 Competition Entry.

All competitors must check-in to a competition on the day by advising the Professional or his deputy in the shop prior to commencement of play.

1.7 Scorecards and Scores.

All competitors must use the Club's current scorecard. Failure to do so will result in disqualification.

Marker – Definition

In stroke play, the person responsible for entering the player's score on the player's scorecard and for certifying that scorecard. The marker may be another player, but **not** a partner.

The Committee may identify who will be the player's marker or tell the players how they may **choose** a marker.

Markers and Player's responsibility for scoring in Stroke play are per Rule 3.3b. Rules of Golf.

Competitors are requested to enter their score in the computer or via the Howdidido App and **MUST** place their scorecard in the box adjacent to the PSI terminal in the lounge. This includes "No Return" cards.

Failure to return cards will result in disqualification, (Rule 3.3b) and/or possible suspension from subsequent competitions and/or their handicap index suspended (WHS guidelines).

1.8 Playing Numbers.

Play in medal competitions will usually be in groups of two or three. All players in a group must play in the competition unless playing "for handicap". 4 balls may be permitted at the discretion of the starter.

1.9 Play.

Stroke-play competitions will be held over 18 holes unless otherwise stated. The winner will be the player or team with the lowest scratch or handicap score, as appropriate.

1.10 Adverse Weather / Heavy Rain

Competition Golf

These guidelines are applicable to both Men's and Ladies competition golf.

A competition should not generally be suspended simply on account of rain unless the rain is so heavy that it would be unfair to require players to continue. Generally, play should only be suspended when the course has become unplayable.

For example, balls are moving frequently on the putting greens due to wind or holes are full of, and/or totally surrounded by, casual water. In any event, if rain is of sufficient intensity to present an unfair condition, play cannot be resumed until the casual water problem is resolved.

If bad weather is forecast, squeegees and/or rakes should available near greens which have a tendency to flood.

In the event of bad weather causing unplayable or dangerous conditions, suspension of play will usually be signalled by the Club Professional staff.

If, however, play is not suspended, but a player believes there is a real risk of danger, the player is entitled to proceed under the provision of rule 5.7a and discontinue play.

Leaving the course is not, by itself, stopping play. A player's delay of play is covered by Rule 5.6a, not by Rule 5.7. If a player stops play for any reason not permitted under Rule 5.6a, or fails to report to the committee when required to do so, the player will be disqualified.

Temporary Water

If all the area around a hole is covered in temporary water and it cannot be removed by using squeegees and/or the back of rakes (which should be available near greens which tend to flood), then the course should be considered unplayable.

In stroke play the course should be considered unplayable if these conditions exist and the Club Professional or greenkeeping staff should suspend play under Rule 5.7.

Suspension of Play

Any decision to suspend play should be made by at least 2 people from the following: Professional Staff, Head Greenkeeper or his representatives, or any 2 members of the Committee, if present.

If play has to be suspended, the Club Professional or his deputy will signal as such with **three** short blasts on the air horn or klaxon, repeated.

Each competitor will be required to either:

- Stop play, to mark the position of their ball, lift the ball and then leave the course.
- Choose to play out the hole in accordance with Rule 5.7b.

Any player continuing to play, after play has been suspended, will be disqualified from the competition unless the committee decides that the circumstances justified a player's failure to stop play.

It remains the responsibility of each golfer to recover/retrieve any equipment they have left on the course during a heavy rain/flooding related delay, when it is safe so to do.

An inspection should take place after 30 mins of suspension, but if the suspension lasts more than 60 mins and it is still not considered safe, then the competition will be cancelled/abandoned.

However, it may be re-scheduled if the fixture programme permits.

Resumption of Play

Competition play will only be resumed when it is considered safe to do so, this decision also being made by at least 2 people from the following: Professional Staff, Head Greenkeeper or his representatives or any 2 members of the Committee, if present.

Resumption of play will be signalled by the Club Professional or his deputy with **two** short blasts on the air horn, repeated.

Club Matches

In the event of adverse weather, the decision whether to continue play rests with the team captains.

1.11 Tied Competitions.

In the event of a tie the winner will be the player with the lowest gross or net score, unless otherwise stated as appropriate, over:

If members have already booked a tee time, then **NO** change of booking will be allowed before or after said booking after it is on the draw sheet.

e.g., if 07.00 cannot change to later time or if say 13.00 to an earlier time.

Late entries are only accepted at the discretion of the Pro or his deputy in their role as Starters.

Repeated late entries and/or changes to drawn times may be reported to the Committee.

2.5 Unavailability for Play.

Members who have booked a time for play in a competition, or who have placed their name on the Entry Sheet for a competition and who become unavailable for play prior to the Draw being made must advise the Secretary as soon as possible by cancelling the booking.

If the Draw for the competition has been made the member must advise the Professional or his deputy of his unavailability to play.

Any member who fails to take up a drawn time will be fined the equivalent of the entry fee and will receive a written warning.

In the event of a recurrence, a ban will be imposed from entering the next 4 medal competitions.

Any further recurrence could result in a ban for the remainder of the season and may result in the member's handicap being suspended for a period in accordance with WHS Guidelines.
